

# GOD BLESS AMERICA!

Every day a multitude of Christians will pray for God's blessings on America! Each year Christians from around the country gather for the national day of prayer and every morning millions of Americans will start their day asking for America to be blessed by God.

## But can America be blessed again? And if so - HOW?

By Pastor Thomas A. Robb

I think we are all aware that America was under the blessing of God from the moment our European ancestors placed their feet on American soil. I think it would border on abject foolishness to deny that the hand of God guided our forefathers and shaped the formation of this republic. Of course, there are those who do not recognize God as having any part in the founding and growth of America.

In the 1940s, famed song writer and actor, Tex Ritter wrote and recorded, God Bless America Again.

Here are some of the lyrics from that song.

*God bless America again  
You see all the trouble that she's in  
Wash her pretty face, dry her eyes and then  
God bless America again!*

Country singers, Loretta Lynn, Conway Twitty, Bobby Bare and others have recorded their own version of the song.

**Will God bless America again?** Of course, He will. But some things must happen first. Consider: blessings don't come from asking - they come from repenting!

Looking back before this century dawned upon us, looking back before our people were led by the hand of God to these shores, looking back before our ancestors marched through Europe developing the great nations of England, Scotland, Germany, Italy, France, Spain as well as many others, looking back to the ancient times before our ancestors escaped the slavery of the Assyrians and flooded over the Caucasus Mountains into Eastern Europe, we can read in the Bible of how God spoke

to our forefathers and mothers and said,  
"Remember this, O Jacob and Israel: for you are  
my servant: I have formed thee: you are my  
servant: O Israel, I will never forget you,"

Isaiah 44:21.

I will never forget you!  
That's a pretty big deal!  
It also shows a big commitment!

I suppose if we are going to ponder the question,  
Will God Bless America Again? It would be  
important to understand exactly what we identify  
as America.

I know that there are those who will disagree  
with my understanding, but our history and laws  
clearly show that America is a racial nation.  
Although Hannah Nicole-Jones in her dissertation  
titled *The 1619 Project* gives a distorted and  
flamboyant description of America's history - the  
core of her analysis is accurate - America was  
founded by and for white people. The foundation  
of America and the people who formed this  
Constitutional Republic are forever intertwined as  
one. Aliens (legal or illegal) do not suddenly  
become an American by crossing our borders any  
more than a boy becomes a girl by going into a girl  
locker room.

America is a racial nation, founded and built by  
courageous and faith inspired people who came to  
these shores from Europe. It was built upon racial  
oneness. America is European in its laws,  
institutions, values and religion. America is a  
European nation built on the North American  
continent by the sons and daughters of Europe.  
America is more than capitalism and it's even more  
than the constitution and self-government.  
America became great not because it had a great  
constitution, but because it had as its foundation a  
great people who were blessed by that amazing  
covenant God gave to Abraham, Sarah and to all  
their generation. (That means you!) For that  
reason, we were given the ability to create a  
functioning self-government, religious freedom  
and of course other natural rights. It was a people  
who shared a common origin that gave us the  
ability to put this all together and pass it down to  
their sons and daughters.

John Jay, the first Chief Justice of the United  
States stated,

"With equal pleasure I have often taken notice  
that Providence has been pleased to give this  
once con-nected country to one united people. - a  
people descended from the same ancestors,  
speaking the same  
language, professing  
the same religion.  
Attached to the same  
principles of govern-  
ment, very similar in  
their manners and  
customs, and who, by  
their joint counsels,  
arms, and efforts,  
fighting side by side  
throughout a long and  
bloody war, have nobly  
established general  
liberty and  
independence."

In other words, John  
Jay acknowledged the  
strength from which we  
as a nation was built  
was because we were  
One United Race with  
One United Christian  
faith.

In other words, our  
strength was not  
diversity but unity.

By every drop of  
blood, by every prayer  
offered into heaven and  
by every unction of the  
Holy Spirit and by  
everything that is moral,  
sacred and holy -  
America belongs to us.

But why has our nation betrayed the gift of our  
forefathers?

Our free-market economy is the best economic  
system in the world. But it was not our economic  
system that made America great! The Declaration  
of Independence and the Constitution helped create  
the greatest nation in the world. But it was not the  
written words of men that made us the greatest  
county in the world. America was built upon  
people and specifically the people who came from  
the shores of Europe who are the covenanted sons  
and daughters of Israel. Self-government, free

Aliens (legal  
or illegal) do  
not suddenly  
become an  
American by  
crossing our  
borders any  
more than a  
boy becomes  
a girl by  
going in the  
girl's locker  
room.

enterprise and all the other God given rights of free men were a gift that our forefathers received from God, and which were then passed down to us.

## When will God Bless America?

I am aware we see signs, billboards and statements saying *God Bless America*. But it would be foolish to believe that God will bless America simply because we ask him.

Some will say, why not?

### Consider!

*Can a man commit murder, then ask God to protect him so he won't get caught?*

*Can a man cheat on his wife, then ask God to help him conceal it so she will not find out?*

*Can a man, lie and rob from his neighbor, then ask God to bless his lie and bless his robbery?*

Yet, this is what our nation has done? We have defiled the laws of our God and now we pray for his blessings?

How utterly foolish!

Do you believe God's word?

**Don't you know the Bible says that the nation that forgets God will be turned into Hell!**

I know there are those who do not believe the word of God, but those of you who claim to be Christians, surely you must understand that our nation is suffering from the sins it has created.

We are facing this catastrophe upon our nation, and many are bewildered by when and how this happened. Millions of Christians pray to God to take away this pain. But as we read in Isaiah 1, "No medicine takes away the pain."

There is a growing divide in the nation which is good. Marjorie Taylor Green said it is time for a national divorce between red and blue states.

Those which promote what we call the WOKE agenda still want to kill the unborn, Aliens are still flooding into America.

The LGBTQ freak show wants to transgender our children and think WE are being hateful because we don't want them to have the liberty to satisfy their abhorrent sexual fantasies by shaking their butt in the face of our children.

All these things which are upon America causing great alarm among Christians are not the sins in America - they are the judgments upon America.

We pray to God to make our country safe from terrorists, out of control crime, fentanyl, illegal aliens, inflation, threats from China, Covid, the WOKE agenda etc, etc, etc. and yet this rotten stench continues unabated.

Jefferson said, "Can the liberties of a nation be thought secure when we have removed their only firm basis – a conviction in the minds of the people that these liberties are a gift from God? That they cannot be violated but with his wrath."

Deut 28:43 *"The stranger that is within thee shall get above thee very high and thou shall come down very low."*

The strangers that are "within" us are the racial aliens we have allowed into our country. However, that in itself is not the sin. It may be foolish, but it is not the sin. The sin is when we failed to keep the commandments of Loving our God and Loving our People.

The birth and throughout the growth of America (when our blessings were unmeasured) we were both CHRIST CENTERED and WHITE CENTERED.

However, in the 1950s and 1960, after 400 years of blessings, America redirected its focus. We began to think that God was just an unnecessary nuisance and then our compassion was manipulated to believe we should feel guilty for our blessings. Actually, Oswald Spengler, prophetically saw this coming upon us as far back as 1918 with the publication of *The Decline of the West*, then again with his 1930s book *Man and Technics*.

So, we began to believe that Diversity was our strength. And even if we didn't, we were willing to vote for politicians who did.

Now the stranger is above us very high and we have become very low.

Christians who are fearful of being called a racist are fighting against the WOKE agenda when, in reality, the WOKE agenda is not the sin - the WOKE agenda is the curse or judgment for our sin.

our blessings. Actually, Oswald Spengler, prophetically saw this coming upon us as far back as 1918 with the publication of *The Decline of the West*, then again with his 1930s book *Man and Technics*.

So we began to believe insanity that *Diversity was our strength*. And even if we didn't, we were willing to vote for politicians who did.

So now the stranger is above us very high and we have become very low.

Christians who are fearful of being called a racist are fighting against the WOKE agenda when in reality the WOKE agenda is not the sin - the WOKE agenda is the curse or judgment for our sin.

Our Children are being told in schools, magazines, TV, TikTok, and other social media platforms, as well as most churches that the love of our White Christian Heritage is racism - it is sinful!

We have brought sin and reproach upon our children. God has been taken out of our schools, and government. We have brought a curse upon our people, homosexuals, abortions, race-mixing transgenderism. We have made covenants with

heathen nations and have weakened our resolve.

Our industry has gone to third world nations, Christians have lost control of their borders, their schools, their industry, their government and their children.

And we dare ask God to bless America!

The vast majority of these things that we are suffering are not the sins of America – they are the curse upon America. It is like a child complaining about the switch dad uses on his behind. The problem is not the switch – the problem is disobedience.

Most Conservatives and Christians think the problem are liberals, democrats, socialists' the reality is they do not know the judgments of the Lord

“When my judgments are in the earth, the inhabitants of the land will learn righteousness’ Isa 26:9

The sin which prevents our blessing is simple – We no longer love our God and we no longer love our people. Until we do - judgment will continue.

END
