

The Battle is the Lords!

In the 20th chapter of 2 Chronicles we read of great fear that fell upon our Israel ancestors because of news that they were about to be attacked by a vast alien army. But Israel was God's covenant people and he was not going to allow them to be

destroyed. We can take the same comfort today. We are still God's covenant people and God is still going to muster our deliverance.

Here is the verse I want to highlight. 2 Chronicles 20:15 *"And he said, Harken ye, all Judah, and ye inhabitants of Jerusalem, and thou king Jehoshaphat, Thus saith the LORD unto you, Be not afraid nor dismayed by reason of this great multitude; **for the battle is not yours, but God's.**"*

It is said that the AIDS virus will never be eradicated. Every time scientists think they have a cure, the virus mutates into a different strain, and scientists again are back at square one. Even with medical intervention and the extra years that medicine has allowed some patients, the virus still lurks within.

It is easy to look around and see immense problems facing our people. In fact, the word problem seems like an understatement. It is more than a problem. A burned chicken in the oven or a busted radiator hose in the car is a problem. This is a devastating curse on our nation.

Let us pretend for a moment that the 1964 civil rights laws had not enabled non-whites to usurp authority not belonging to them. Problem solved? Hardly.

What about the Bolshevik revolution financed by New York Jews such as Jacob Schiff? The United States had the gall to join forces with a Jewish-led Communist nation, and then we opened our doors to a flood of Eastern European Jews and revolutionaries of the worse sort.

Maybe the problem was the Christmas Eve 1913 passing of the Federal Reserve legislation that handed over control of our nation's finances - once and for all - to privately held international Jewish banking conglomerates. No, still not the problem.

And less I ruffle any feathers; the problem is not because the South lost the war. The majority of the people do not understand what this war was about anyway. It was not about slaves, and it was not about tariffs. Sure, depending on whom you talk to - they will show plenty of "proof" that it was all about the suffering Negro, or state's rights. However, if for even a moment you forget that it was the "Jew" running the printing and publishing houses in both the North and the South and lighting the stick of dynamite on both ends - then you need to wake up to the fact that most people are very gullible and believe whatever is said by, "legitimate - reputable" news sources. When white Christians are dying by the tens of thousands - evil is at the root.

You see, we can go back thousands of years and come up with hundreds of thousands of examples, large and small, of "problems" our people have faced.

See **BATTLE** page 7

BATTLE from page 6

Let us take, for instance, the Protestant or Counter-Reformation in Europe. There were not even any Negroes there, or Asians, or Mexicans. Yes, there may have been a non-white here or there, but there was no threatening race issue at the time. There were no "Gay" pride parades down the streets of London or Worms. Nevertheless, the threat against our people was no less severe than it is now. Only the virus has mutated.

As Pastor Robb continually points out, the "problem" is recorded in Isaiah 14 when Lucifer decides to take over and be the man in charge. Ever since that time eons ago - the fight has been on. Now, as Christians, we know that the fight could have ended then and there. Too many Christians are taught that there is a tug-of-war between Jesus and Satan. Some days Jesus wins, and some days Satan wins. The Bible is clear that God is in absolute complete control. The Bible is all about the Kingdom of God. Our people are suffering the age-long birth pangs of bringing forth the Kingdom of God! Each time our people back peddle from their mission - a mission ingrained in our being and soul - each time our people turn away from righteousness and follow the leadership of God's adversary - and each time we fall out of love with God and His laws and fall in love with worldly ideas - humanistic, Judaic, Rabbinical, anti-Christ ideas - our people are given a good swift kick in the butt. It is just that simple.

If you are a parent, you know that raising a son or daughter to Christian adulthood with a mission and purpose in mind for their life - is an everyday battle. There are lots of little skirmishes along the way. As a loving parent - one with mercy - you often overlook the wrong things your little one does. You pick and choose. The overall goal - remember is not to prove that you are a drill sergeant, and your little one better listen or else. You have a goal in mind for that child, and it involves more than knowing it's your way or the highway. That is a starting point but not the goal. You look for the day when they have been taught well and can walk on their own.

It is the same way with Christ. We, under God's authority and leadership, are working toward the establishment of God's government. The Apostle Paul says that we should work and race toward the prize. We are foolish if we are to believe that God cannot usher in His government. How prideful and sinful of ourselves if we think that for a second. However, we are told that the Saints will rule with Him, and His sons and daughters will have authority upon the earth once again, and each of us - says Paul should strive to be considered worthy of this position. So even though in our frail humanity we cannot establish the Kingdom of God we are still command to seek or pursue His kingdom first before all and any earthly pursuits.

God has a desired purpose for us, and He trains us for this purpose - the same as an earthly parent - by a mix of punishment, trial, tribulation, mercy, and forgiveness. When we hit obstacles in our life, or when our nation faces punishment and the consequences of its actions, we can despair and even be angry. There is justification for being angry about the condition of our people. However, we should also be grateful because we know that God is preparing us for something fantastic. That should give each of us joy, knowing that our life, whether simple, complex, or turbulent, is

*"But the saints of the most High shall
take the kingdom,
and
possess
the kingdom
for ever, even for ever and ever."*
Daniel 7:18

joined with so many others on a Godly mission. Let us continue in

faith

and remember Romans 8:28

*"And we know that all things work
together for good to them that love
God, to them who are the called
according to his purpose."*

END
